

To improve the academic achievement of educationally and economically disadvantaged children, the board will participate in the federal Title I program.

**A. TITLE I MAINTENANCE OF EFFORT**

The school system will maintain fiscal effort with state and local funds as required to be eligible for the receipt of funds through Title I, Part A of the Elementary and Secondary Education Act, as amended.

**B. USE AND ALLOCATION OF TITLE I FUNDS**

Title I funds will be used to supplement, and not to supplant, non-federal funds that would otherwise be used for the education of students participating in the Title I program. Accordingly, state and local funds will be allocated to each school receiving Title I funds in a manner that ensures that each such school receives all of the state and local funds it would otherwise receive in the absence of Title I funding.

**C. COMPARABILITY OF SERVICES**

State and local funds will be used in schools receiving Title I funds to provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds, or, if all schools receive Title I funds, to provide services that are substantially comparable in each school. The board will ensure equivalence among schools in the allocation of state and local resources for (1) teachers, administrators, and other staff, and (2) curriculum materials and instructional supplies. In addition, the board will establish and implement system-wide salary scales that are applicable to all staff whether assigned to Title I or non-Title I schools.

**D. COMPARABILITY TESTING**

The superintendent shall direct the Title I director, in conjunction with the finance officer, to conduct comparability testing before November 1 of each school year to assess the equivalent distribution of state and local resources among schools. The Title I director will determine annually whether to compare student enrollment to instructional staff or to instructional staff salary and also whether schools will be examined on a grade-span basis or on a school-by-school basis. The following will be excluded when determining comparability: (1) any resources paid with federal or private funds; (2) supplemental state or local funds expended for programs that meet the intent and purpose of Title I; (3) staff salary differentials for years of employment; (4) unpredictable changes in student enrollment or personnel assignments that occur after the beginning of a school year; (5) state and local funds expended for language instruction programs; and (6) excess costs of providing services to students with disabilities. Comparability testing will be completed using the forms, and following the guidance created by the North Carolina Department of

Public Instruction (NCDPI) for the calculation of comparability. Schools may be examined on either a grade-span or school-by-school basis. The superintendent or designee shall submit the comparability testing report annually to NCDPI by the deadline established by that agency.

**E. CORRECTION OF NONCOMPLIANCE**

If comparability testing identifies any instances of variance greater than 10%, the Title I director shall notify the superintendent or designee without delay. The superintendent or designee shall promptly make adjustments as needed to ensure comparability. These adjustments may include, but need not be limited to, reallocation of materials or supplies, or reassignment of personnel.

**F. DOCUMENTATION OF COMPLIANCE WITH TITLE I FISCAL REQUIREMENTS**

The superintendent or designee shall provide in a timely manner any assurances, additional documentation, or other information required by the State Board of Education/NCDPI to demonstrate the school system's compliance with Title I fiscal requirements.

**G. RECORDS MAINTENANCE**

The superintendent or designee shall maintain reports and other documentation demonstrating compliance with the requirements of this policy, including documentation to demonstrate that any needed adjustments to staff assignments were made annually, for review by the North Carolina Department of Public Instruction or auditors upon request.

The superintendent shall ensure that all other requirements for receiving Title I funds are fulfilled in an accurate and timely manner and shall develop, or cause to be developed, any additional procedures necessary to implement this policy.
